

Seamless Gutters

Whatever your home requires, we have the right seamless gutters for you. We offer 5-inch and 6-inch, K-style, seamless aluminum or copper gutters in over 48 colors. Depending on the style of your home, we can install your gutters with heavy duty hidden hangers with zinc screws, or vampire hangers.

We serve a large part of the Southwest Michigan area. Call us and we will be happy to come to your home and give you a complimentary estimate on your new seamless gutters.

J & H Seamless Gutters, Inc.

Gutters, Roofing, Siding, and Windows

Quality at its Finest

Siding and Windows

At **J & H Seamless Gutters, Inc.**, we believe in giving you a fair deal on excellent workmanship. We have been in business since 2001, and our staff has over 25 years of experience. We are fully insured and licensed, and we are members of respected organizations, such as the Better Business Bureau, the Home Builders' Association of Greater Kalamazoo, and the National Association of Women in Construction, so you can depend on us to get the job done right. As a family owned and operated business, we understand that your home is more than just another building, and we promise to treat it with care.

Not only do we provide an 18-month warranty on labor, we also honor our manufacturers' warranties, so you are guaranteed to be satisfied with our work.

Vinyl Replacement Windows:

We can help you get the high-quality, vinyl replacement windows that you want for your home. All our windows feature "tilt-in" access for easy cleaning, and optional insulated frames with an R5 factor. Vinyl replacement windows can add outstanding beauty, and increased value, to your home.

Siding:

At J & H, we give you the opportunity to sit down with a certified siding professional who can show you exactly what your home, garage, or addition will look like with different styles and colors of siding. We can also match the color of your existing siding, so color fade is not an issue. Choose from shake, cedar planks, brush, and traditional styles, and even insulated siding. Our superior weather protection and T-lok technology ensures that our siding is both affordable and versatile.

If your shingles are sticking up or curling, it's time to check the ventilation in your roof. Curled shingles could shorten the life of your roof by five years or more.

Our team has over 25 years of roofing experience, using quality products from companies like Certaineed, Elk, and Landmark. Let us put our talent and expertise to work for you to protect your investment, and make your home the best it can be!

Our Mission

We take pride in serving our customers with quality, dependable, and reliable workmanship.

We believe in trust, honesty, and fairness with our customers and employees.

We promise to do our best in everything we do.
